CO-OP MEETING New Legion Officials TO BE SATURDAY

VOLUME 61

IN ANDALUSIA Andalusia- Plans are nearing completion for the 1958 annual members meeting of the Covington Electric Cooperative which will be on Saturday night, July 26, at the Municipal Stadium in Andalusia. More than 2,000 persons are expected for the meeting, which is being held at night for the first time this year Registration of members will open at 5:00 p.m., with starting time set for 7:00 o'clock. One of the highlights of the program will be an address by John W. Ford, of Montgomery, Manager of the Alabama State Association of REA Coopera-

tives. Bobby Wiggins, Andalusia Rt. 3, and Steve Boothe, Opp Rt. 2, will give talks on cooperatives which won District vided by the Pleasant Home, Boswell, newly-installed com-Red Level and Straughn FHA chapter quartets, and by Miss Co-op members will hear re- WORST DANGER A YEAR IN FOOD ports of progress made by the FOR THIS YEAR TO ITS VICTIMS

ON SOIL BANK IN THIS COUNTY

CHECKS MADE

Payments for 1958 acreage reserve agreements for cotton and corn are being made to farmers in Coffee county, according to Lester Gunter, chairman of the Coffee County Agricultural Stabilization and Conservation Committee. Mr. Gunter said that the county office will continue to make payments during the summer, as the compliance check is completed on farms participating in the acreage reserve. Farmers who signed Acreage Reserve agreements earn payments by reducing acreage of the basic crops below allotment acres. Payment is made in the form of a certificate which may be cashed at a bank or re-

deemed in the form of grain if the certificate covers compensation on a corn agreement. Even though a Coffee County farmer has received his Acreage Reserve payment or will receive it in the near fuure, his responsibility under the Acreage Reserve agreement continues until the end of calender year, 1958, Mr. Gunter emphasized. Under the agreement, no crop may be harvested from

the Acreage Reserve in 1958. No crop may be planted on it except certain crops for harvest in 1959 or later as appro-John Clifton Draper, Sr., of ved by the State ASC Commit-Jasper, is 1958 Rural Minister tee. Also, the Acreage Reserve may not be grazed in 1958. Draper is completing his fourth turn his payment and also is make several detours in his in Elba, was loaded on a truck subject to a civil penalty of 50 route, because of road repairs. last Saturday, and moved to payment, Mr. Gunter said.

The brine left in a jar of sweet pickles gives potato sadreamed-of levels. In the 1930's you bought an apple to help the unemployed. Now you've the unemployed. Now you've when making the salad.

## **OUR TOWN** IS STRONGER ECONOMICALLY BECAUSE OF U.S. SAVINGS BONDS

Take a look around our town! Don't you see all the signs of a strong economy? How about that mechanic down the street who just opened his own garage, the neighbor who's sending his son through medical school? How about all those homes that are being started and those bright new cars that are parked in front of our town's bustling stores? Things look pretty healthy, don't they?

Do you ever stop to wonder how much of this prosperity was made possible by U. S. Savings Bonds? Not just because they helped our country through an emergency either. Although that's part of it. An even more encouraging fact is that all over America more people are saving more

money, purposefully, than ever before in the history of the world. Today, more than

Series E Savings Bonds-up to any amount -and the rate of interest you receive. Payroll Savings is the easiest way to save! One of the reasons so many people are teaching their savings goals with Bonds is the Payroll Savings Plan. It's a sure-fire way to steady savings because the money

40,000,000 Americans own more than

FOY W. ENGLISH, Owner

This month thousands of our friends and neighbors are assuming the obligations and being granted the privileges of citizenship in the United States of America,

We welcome these new citizens into our great American family. Like most families, we often! disagree among ourselves. But when important matters are at stake. Americans have long been noted for their, great spirit of cooperation. 

The United States Savings Bond Program is a case in point. Savings Bond ownership is an opportunity open to every citizen. And more than 40,000,000 of them have already taken advantage of it by investing more than \$40,000,000,000 in Bonds. Do you own your share? It's the one investment that pays off where it counts the most-in peace of mind and security for yourself, your family and your country,

Dreamy Dessert For Dieters

rfait Parisienne is the name of the glamorous and heavenlytasting dessert shown here. And it's true! This dessert really is meant for weight-watchers! Just imagine . . . these parfaits are made of deliciously sweet, rich-tasting lemon custard, ribboned with sweetened strawberries, and yet each serving adds up to only 55 at's the secret? Simply that, instead of sweetening the custard the berries with sugar, you use the non-caloric sweetener, aryl. Just like magic, you eliminate more than two-thirds of the calories normally contained in the dessert. And it's scrumptious! Even if you're not counting calories, do try this sweet and lovel!

. Parfait Parisienne . (A Low-Calorie Dessert) 3 eggs, separated 1 envelope gelatin
1 tablespoon Sucaryl solution 1 tablespoon cold water
3 tablespoons lemon juice 1 cup sliced strawberries
1 teaspoon Sucaryl solution Beat egg yolks until thick and lemon colored; blend in 1 table-spoon Sucaryl and lemon juice. Soften gelatin in cold water; dissolve over hot water. Blend into yolk mixture. Beat egg whites until stiff peaks form; fold into yolk mixture. Spoon into parfait glasses or sherbets alternately with sliced strawberries sweetened with 1 teaspoon Sucaryl.

Makes 6 servings. Each serving contains 55 calories, 5 grams protein; 3 grams fat; 3 grams carbohydrate. If made with sugar each serving would contain 183 calories.

Americans can accurately see stock market quotations—until now. The first TV closed circuit for use by brokers—those who buy and sell stock on your order—has been installed by a leading Wall Street firm. In photo at right, Harold L. Bache, senior partner in the firm bearing his name (standing), is showing his partner A. Charles Schwartz how easy it is to scan the ups and downs of the market without losing time going to the "board" room.

Desk television screens are now noiselessly flashing market quotations directly to a broker's office.

Installation of the first closed circuit television system for the dissemination of stock market quotations directly to a broker's portation's Hallamore Electronics Division, of Anaheim, Calif., the system consists of an electronic camera and several viewing or customer and the product of the first closed control of the first closed circuit television system for the system consists of an electronic camera and several viewing or customer and the product of the first closed circuit television system for the system consists of an electronic camera and several viewing or customer and the product of the first closed circuit television system for the system consists of an electronic camera and several viewing or customer and the first closed circuit television system for the first closed circuit television system consists of an electronic camera and several viewing or customer and the first closed circuit television system consists of an electronic camera and several viewing or customer and the first closed circuit television system consists of an electronic camera and several viewing or customer and the first closed circuit television system consists of an electronic camera and several viewing or customer and consists of an electronic camera and several viewing or customer and consists of an electronic camera and several viewing or consists of an electronic camera and several viewing or consists of an electronic camera and several viewing or consists of an electronic camera and several viewing or consists of an electronic camera and several viewing dissemination of suck market cused directly on the stock quotations directly to a broker's desk was made here at the Wall to the receivers which are disstreet headquarters of Bache & tributed throughout Bache's spacious offices. Clearly defined ticker Exchange.

This new, more economical transmitting method marks the first time a Wall Street registered representative has been able to view current stock activities within the confines of his office just as he might watch his own favorite TV program in the continuing the community's continuing efforts to render more efficient service to render more efficient service to people, by the installation of the continuing that the continuing efforts to render more efficient service to people, by the installation of the continuing that the continuing efforts to render more efficient service to people, by the installation of the continuing efforts to render more efficient service to people, by the installation of the continuing efforts to render more efficient service to people, by the installation of the continuing efforts to render more efficient service to people the continuing efforts to render more efficient service to continuing efforts

# The Elba Clipper

DEDICATED TO THE NEWS AND INTERESTS OF ELBA AND COFFEE COUNTY ELBA, ALABAMA, THURSDAY, JULY 31, 1958

WETTEST JULY DOTHAN ROAD

Through Wednesday, with only one day of the month left, 18 1-2 inches of rain had fallen here, according to J. Drayden Smith, who keeps weather data as a hobby. It rained 20 days and almost every rainfall was a downpour.

This compares with 3.1 inches of rainfall in July, last year, and with five inches the average rainfall for an entire summer month here. This July even tops the all-time previous record of 16 inches in 1916, Mr. Smith said.

However, crop prospects are The memory of John R. Clark. still excellent despite the heavy sume: the crop is one of the best, pastures are in fine shape. peanuts have one of the best crop prospects in years with little worms and almost no leafspot, cotton prospects are good, but advised continued poisoning to prevent infestation due to wet weather.
